

Moving Day Resources

AgriSmart have put together a range of blog posts covering payroll preparation, health and safety, and task management strategies to keep your moving day on track!

PRIORITISING HEALTH & SAFETY FOR A SUCCESSFUL MOVING DAY

'As you finalise payroll and task management plans, don't underestimate the importance of health & safety (H&S) on Moving Day. Dairy farms pose numerous hazards, and the increased activity during moving heightens risks for staff, family, and animals.'

TASK MANAGEMENT STRATEGIES TO KEEP MOVING DAY ON TRACK

'Following payroll preparations, the next critical focus for dairy farmers approaching Moving Day is effective task management. Coordinating all the moving activities, from packing and cleaning to livestock transport, requires clear planning and organisation to avoid chaos.'

PAYROLL PREPARATION FOR MOVING DAY

'As Moving Day approaches, dairy farmers face many logistical challenges, but one critical area that must not be overlooked is payroll. Paying your farm staff accurately and on time is essential for maintaining trust, motivation, and legal compliance. Mistakes or delays in payroll can damage your farm's reputation and disrupt operations during this busy period.'
