Make sure you can tick off the following:

Before moving:

- All my animals are NAIT tagged and I have registered them in my NAIT account
- My new NAIT location number is set up and my TBfree herd records are updated

After moving:

- I've recorded a movement in NAIT for the animals I've moved to the new farm

Failure to comply with NAIT obligations may result in fines or prosecution issued by the Ministry for Primary Industries.
