

MINDA Moving Tips

1. If you have farm staff coming and going at the end of the season, update the permissions to your herd records in MINDA LIVE
2. Make sure your 2022 season information is recorded in MINDA and animals moving to and from grazing are up to date
3. If you're moving to a new farm, ensure your animals are tagged and registered in MINDA with a NAIT approved Electronic ID Tag
4. If you record your NAIT registrations and movements through MINDA, ensure you have assigned LIC as your Information Provider in the NAIT system.
