

# Salt Dough Ornaments

*Salt dough ornaments don't need any extra ingredients other than what's in your pantry and are a great way to personalise your tree.*

## You'll need:

- 4 cups of all-purpose flour
- 1 cup of salt
- 1 ½ cups of warm water

## Instructions:

1. Combine all the ingredients in a large mixing bowl, then knead the dough until it's firm and smooth.
2. Roll out the dough and cut out your shapes. You can use cookie cutters if you have some in your chosen shapes, or you can create a template from baking paper and use a sharp knife to cut the dough into your shape (it's best if a parent completes this step!)
3. Use a straw to poke a hole into the top of your decorations for hanging.
4. Put your decorations on a lined baking tray. Bake them in the oven for approximately 1 hour at 150°C or until they're dry.
5. Let them cool down, then decorate and tie a piece of string around the top for hanging. They look great plain or you can use paints to decorate them.
